

ABOUT MEET THE BEASTS

MEET THE BEASTS is a powerful, transforming, hands-on experience. You encounter reptiles & exotic minibests up-close, in person, without glass. Ideal for all ages & abilities.

In Businesses:

A safe environment in which your staff can overcome their fears & build confidence; strengthening teams & reaching their full potential. A valuable addition to your meetings, training programmes & special events. A powerful ice-breaker for any meeting.

In Schools:

A proven way to help your students overcome fears & build their confidence. Bring science to life. Also great as a treat or special event. Suitable for all ages & abilities.

Public Events:

Great as a special activity for museums, garden parties, school & charity fetes.

Parties & Special Events:

Spice-up your birthday party, business party or special event with our fascinating array of exotic animals.

One-on-One Handling Experiences:

Enjoy a handling experience in the comfort of your own home, or at a venue of your choice, as we visit you with a selection of reptiles.

Photo Shoots & Filming:

Animals are available as props for photo shoots & available for filming or video work.

All sessions are held in a safe, non-threatening, relaxed atmosphere. We like to find out what you want & then work with you, at your pace to achieve it.

Fully covered by enhanced CRB disclosures & Public Liability insurance.

Contact Stuart for further information & to see how we can help you.

Reptile handling: Schools, Business & Public
UP CLOSE HANDS ON NO GLASS
Overcome Fears; Build Confidence; Bring Science to Life

IN BUSINESSES

By applying our extensive personal experience working within the Pharmaceutical Industry we bring you much more than a novelty exercise. We understand the pressures of working in business. We understand how teams work & we understand that many of the contributors to sub-optimal performance surround fears & self-confidence.

MEET THE BEASTS is a proven method for helping your staff overcome their fears & build confidence. Our activities are a valuable adjunct to your team-building programmes & events; we help you to build stronger, more cohesive teams.

Also a great ice-breaker activity for almost any meeting, at any level.

IN SCHOOLS

Our science background enables us to bring both our animals & personal experience to your classroom. The Curriculum is brought to life in a tactile, relevant & easy-to-understand way. A valuable activity for all ages from nursery upwards.

But **MEET THE BEASTS** is much more than just about science. It's about students & staff overcoming fears, building self-confidence, developing interpersonal skills through personal experience; so much more powerful than just theory. Every class we take we see changes from "white knuckle fear" to confidence in handling larger snakes. "I could never do that!" changes to "I never thought I could do that!" Shy, retiring personalities start on their road to greater confidence, building new relationships, starting to answer questions in class.

Our activities are also ideal for disenfranchised students & students with Special Educational Needs.

MEET THE BEASTS is about transformation, not just education.

PARTIES & SPECIAL EVENTS

Spice-up any party. Great as a surprise present or an exciting addition to a birthday party. Very popular for your spooky Halloween specials. Add a new dimension to your dinner party or other special event.

Also brilliant as an activity for open days, country fairs, rallies & other special events.

OUR ANIMALS

MEET THE BEASTS has a wide range of exotic animals & minibests, from snakes to scorpions, lizards to tarantulas, millipedes to giant snails, cockroaches & more. Meet our friendly snakes, like Wesley our comical little Western Hognose Snake, Eric & Lucy our brightly coloured Kingsnakes, Geoff & Reg our large, beautiful yet gentle boas. Experience the colours & variety of our minibests.

We personally check every animal on the day of our visit to ensure that they are in a good mood. All animals used for handling have a long history of gentleness & reliability. Where animals are less predictable or unsafe for handling we allow you to encounter them up-close, safely.

Our Facebook Page (www.facebook.com/meetthebeastsuk) & Twitter account (@MeetTheBeasts) are the best way for keeping up-to-date with our latest activities & new arrivals, plus fascinating facts, links, photos & videos.
